SHREYANSH SHARMA

Services Engineer, GE Vernova T&D India Ltd

Noida | Shreyansh.sharma011@gmail.com | 9646672638 | LinkedIn Profile

About Me

Proactive Technical Specialist with leadership abilities, strategic planning expertise, and problem-solving acumen. Experienced in SCADA/EMS/ADMS and I am focused on bringing together technologies and expertise to help solve the toughest power system challenges, accelerating the global transition to a more resilient and reliable grid.

Work Experience & Internships

Services Engineer-GE Vernova T&D India Ltd **June 2023- Present**

- Currently working on Implementation of Unified Load Dispatch and Communication Phase-III SCADA/Upgradation (PGCIL).
- Led end-to-end integrated system testing for the ULDC-NR customer, successfully demonstrated platform scalability by executing performance validation under 300% load expansion beyond current production sizing.
- Designed and executed high-load simulation scenarios to validate system stability, throughput, and responsiveness under normal and peak operational conditions.
- Successfully implemented the Ethiopian Electric Power National Load Dispatch Centre (EEPNLDC) Project. My core responsibilities included configuring the SCADA, FEP, Historian, and EMS software, ensuring seamless design, supply, installation, and testing processes.
- Familiar in ADMS operations, including modelling and configuration of DMS applications such as Distribution Power Flow analysis, Bus Load Allocation, Fault Location/Isolation and Service Restoration, Load and Volt/VAR Management, Automatic Feeder Reconfiguration.
- Successfully led end-to-end integration of HKRP–BEST–MGVCL ADMS projects, Includes configuration, data modelling, and seamless integration of the ADMS platform.
- Perform all technical aspects of customer-integrated projects, including detailed design, engineering implementation, FAT/ SITE testing.
- Knowledge of various communication protocols like IEC 101/104, IEC61850, ICCP, OPC, MODBUS -Serial & TCP/IP, DNP3
- Created detailed test plans, specifying testing procedures, equipment settings, and acceptance criteria, and collaborated with the team to execute tests effectively.

GET (Sale & Marketing Team)- Ambit Switchgear Pvt Ltd. **April 2023- June 2023**

- Sales and marketing-Switchgear (LT/HT Panels).

System Engineer Trainee-Infosys **Jan 2021 to April 2021**

- Training in JAVA and its application.
- SQL

Internship

Integrated EV Charger **Jan 2020 to April 2020**

- Designed and built an electric vehicle charger utilizing a 12 V battery as a power source.
- Implemented dual charging capability with the ability to charge from the grid or a solar panel environment.
- Controlled the charging process using an Arduino UNO microcontroller for efficient and reliable operation.

Education

Thapar Institute of Engineering and Technology, Punjab
BE, Electrical Engineering: - CGPA-7.85, 2016-2020
ST Paul Sec School, Samastipur, Bihar
Percentage: -89.8% (PCM-90.3%), 2013-2015
B.D. Public School, Patna, Bihar
Percentage: - 95%, 2010-2012

Certifications

- Fundamentals of JAVA and data structure - Coding Ninja.
- Jira for Beginners- Detailed Course to Get started in Jira – Udemy

Skills & Interests

TECHINCAL

- MS-Office (Excel, PowerPoint, and Word)
- SCADA/EMS (Basics of PF, CA, SE)
- PROFICY HISTORIAN
- EFEP-Extensible Frontend Processor
- SQL/SSRS(Reporting)/Python (Basic)
- JIRA
- Protocols (IEC101/104/61850/MODBUS/OPC/DNP3)
- Circuit Analysis/Power System/

SOFT SKILLS

- Teamwork
- Research and Strategy
- Time Management
- Problem Solving
- Communication
- Multitasking
- Customer Service and Relations
- Leadership

Interests

- Analyzing and Predicting box office collection of Bollywood Movies.
- Teaching.
